

Radiant Cellular Rejuvenation™

by ICARIA Renewal Science™

Protect, repair, and rejuvenate your body while achieving true anti-aging effects at the cellular level.

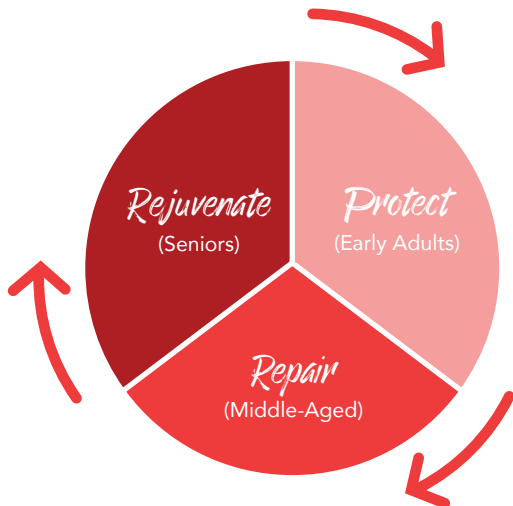

Healthy cells mean a healthy body.

One capsule of Radiant Cellular Rejuvenation™ may assist in healing your body's cells using vitamin E tocotrienols and geranylgeraniol (GG) from the Amazonian annatto tree.

Radiant is formulated to help protect, repair, and rejuvenate your body while achieving anti-aging effects at the cellular level.

Directions: Take one capsule per day with a meal.

No matter how old you are, healthy aging starts now!

Supplement Facts	
Serving Size: 1 Capsule	
Per Container: 30	
Amount Per Serving	%DV
Geranylgeraniol (As GG-Gold)	150mg*

*Daily Vaule (DV) not established.	

Other Ingredients: Bovine gelatin, glycerine and purified water.

Protect

Live your best life, longer. Radiant may prevent cellular damage, which could help decrease the occurrence of serious health concerns in life. Radiant may help protect cells using delta and gamma tocotrienols which are 50x more effective antioxidants than the most common form of laboratory-produced vitamin E.

Repair

Slow down your cellular clock with vitamin E tocotrienols and geranylgeraniol (GG) which work together to help the body repair cells. Radiant Cellular Rejuvenation™ may assist with:

- Reduction of liver fat
- Better overall bone health
- Repairing skin damage
- Improving cardiovascular health
- Enhancing brain health
- Reducing inflammation

Rejuvenate

Radiant Cellular Rejuvenation™ may help turn the tide on aging and bring back your zest for life.

Geranylgeraniol (GG) is naturally produced in the body and declines as we age. It's essential for the production of important molecules like CoQ10, vitamin K2, and testosterone. Radiant may bring geranylgeraniol (GG) back to youthful levels and may help:

- Stimulate the production of testosterone and progesterone
- Pain management if taken with CBD
- Increase mental acuity and clarity
- Improve brain, heart, bone, liver, and kidney functions
- Improve natural healing time
